# Itinerary

## Day 1: Puerto Madryn, Argentina

Welcome to Puerto Madryn in Argentine Patagonia, starting point of our expedition. Upon your arrival at the airport we provide a transfer to your hotel, which has been arranged by us and is included in the price of the voyage. For the rest of the day you are free to explore this welcoming seaside city. Take advantage of sandy beaches and the restaurant-lined promenade on Golfo Nuevo with views of wild Península Valdés.

## Day 2: Embarkation in Puerto Madryn

In the afternoon we provide a group transfer to the pier and welcome you aboard the luxury expedition ship M/V Sea Spirit. Explore the ship and get comfortable in your home away from home for the extraordinary adventure to come. Savor the anticipation of your dreams coming true as we slip our moorings and sail toward a true wilderness where wildlife abounds. As we sail through Golfo Nuevo on our first evening we have our first chance to see whales, particularly southern right whales.

## Day 3-4: South Atlantic Ocean

From Golfo Nuevo we sail south through the South Atlantic Ocean toward the Falkland Islands. We keep a lookout for dolphins and whales. Presentations and workshops by our expert staff, as well as our range of onboard recreation facilities, ensure that these days at sea are not idly spent. The ship's stabilizing fins provide comfort in the event of rough seas.

## Day 5: Falkland Islands

The remote and sparsely-populated Falkland Islands are a birders' paradise. We anticipate visiting some of the isolated outer islands where large colonies of penguins and albatross are easily accessible. The Falklands are also a great place to observe marine mammals. Fur seals and elephant seals can be found on sandy beaches while the waters in and around the archipelago are home to various whale and dolphin species.

## Day 6-7: Southern Ocean

From the Falkland Islands we head east toward South Georgia, passing the remote, seabird-covered pinnacles known as Shag Rocks on the way. We also cross the Antarctic Convergence, the biological boundary of the Southern Ocean. Briefings, bio-security procedures, and lectures from our staff prepare you for our arrival in South Georgia.

## Day 8-13: South Georgia

This is expedition cruising at its most authentic. Our route and exploration opportunities in South Georgia are heavily dependent on the weather conditions we encounter. Our experienced captain and expedition leader decide the itinerary and continually adjust plans as conditions and opportunities warrant. You can be sure that the best possible advantage will be taken of the circumstances presented to us by Nature in this wild and remote corner of the world. We take every safe opportunity to go ashore in this amazing place.

South Georgia is a scenic wilderness and an unrivalled paradise for subantarctic wildlife viewing. The islands are said to host

upwards of 100 million seabirds, including numerous species of albatross, penguins, prions, petrels, and terns. On beaches such as those at Salisbury Plain and St. Andrews Bay, over 100,000 elephant seals and three million fur seals jostle for space among innumerable penguins including stately king penguins and sprightly macaroni penguins. The recently completed rat eradication program is sure to make this wilderness even more pristine and rich with birdlife.

The bountiful waters surrounding South Georgia are also inhabited by an increasing number of whales. The historical whaling station of Grytviken is now home to the excellent South Georgia Museum managed by the South Georgia Heritage Trust. This is also the final resting place of Ernest Shackleton, the legendary polar explorer.

Our days in South Georgia are filled with memorable excursions, sumptuous meals, presentations by our experts, and enough incredible scenery and wildlife to fill your camera and overwhelm your emotions.

### Day 14-15: Southern Ocean

After our amazing time in South Georgia we proceed west back toward the Falkland Islands. Pelagic seabirds including the majestic albatross are common in these waters and can readily be viewed from panoramic open decks or from exterior stateroom windows and balconies.

### Day 16-17: Falkland Islands

Our route and exploration opportunities are dependent on weather among these windswept islands. Stanley is the charmingly British capital of the Falkland Islands. Attractions within pleasant walking distance along the waterfront promenade include the Falkland Islands Museum, the governor's house, a cathedral with impressive whalebone arch outside, a war memorial, quality gift shops, pubs, and views of shipwrecks in the harbor.

### Day 18: Beagle Channel

From the Falkland Islands we sail southwest toward the tip of South America and enter the Beagle Channel. This is the time for our End of Voyage ceremonies including slideshow and farewell dinner.

### Day 19: Disembarkation in Ushuaia, Argentina

After breakfast we say farewell in the city of Ushuaia, the southernmost city in the world. We provide a group transfer to the airport or to the town center if you wish to spend more time here. In this case, the nearby Tierra del Fuego National Park is definitely worth a visit.

For groups of passengers speaking other languages Poseidon Expeditions recruits multi-lingual staff members, who assist the passengers during briefings and lectures. **Itineraries** – Poseidon Expeditions’ captain and expedition team will do everything possible to complete the voyage as outlined in the voyage itinerary. However itineraries (including all scheduled landings and excursions) in Polar Regions are heavily dependent on weather and ice conditions. Occasionally conditions and or safety concerns require itinerary changes. The Captain and expedition team will accordingly make every effort to find the best alternative to the original itinerary while keeping passengers informed and updated. Itinerary changes are not subject to passenger approval/consent and in the event of such a change no refunds or price adjustments are possible. Placement of a booking with Poseidon Expeditions amounts to an acknowledgement that itinerary changes are possible.

**Photography / Video** – Poseidon Expeditions reserves the right to use photographs and/or videos taken during the operation of the voyage for promotional purposes for the company and/or its sales agents. Passengers who prefer that their images not be used are asked to identify themselves to Poseidon Expeditions and its agent, prior to embarkation.

#### Pre-departure forms / requirements

**Eligibility** – There are no specific physical requirements for travel in Antarctica. However we are traveling to the remote region of the world and we are traveling on a ship which, at times, may be in rough seas. Passengers with certain medical/health issues may not be appropriate for this type of expedition and are advised to exercise appropriate caution. Our medical information form lists a number of these conditions.

**Pre-departure forms** – Prior to boarding, specific passenger information is required not only for passenger safety, but for international reporting regulations. Required information must be completed in the forms provided by Poseidon Expeditions and in our possession at least 60 days prior to departure. Final documents cannot be issued for passengers whose information has not been received.

**Passenger Medical Information** – We require all passengers to submit basic medical information prior to departure. Upon receipt of that basic medical information, specific physical conditions may necessitate additional documentation from a passenger's physician certifying fitness to travel on a voyage to Antarctica. If additional medical confirmation is requested, boarding will not be allowed absent receipt of that confirmation. Poseidon Expeditions has a pregnancy policy that women are welcome with explicit doctor's permission and having signed a specific waiver. Pregnancy policies of carriers (ship owners, airlines, bus companies, hotels, etc) may also apply. Please note that medical information will, of necessity, be available to designated Poseidon Expeditions staff.

Please note that regardless of general eligibility there may be instances where environmental conditions require a level of fitness/mobility. In these cases individual participation in the landing(s) in question may be restricted by the Captain, Expedition Leader, or ship's doctor.

**Travel Insurance** – All passengers are required to carry valid travel insurance. This insurance must contain medical and evacuation coverage and should include cancellation and trip interruption as well. As any potential evacuation from Antarctica can cost up to \$150,000 we recommend that no policy carry less than this amount of coverage. As part of the pre-departure forms Poseidon Expeditions will require information as to carrier, policy number, and a 24-hour contact number.
