DEAR TRAVELER

After so many years of creating expedition voyages to the Polar Regions, I've heard dozens of epithets describing our travelers' experiences. If I was asked to choose just one word it would be – inspiring. "Awesome," "fantastic" and "fun" are also true, but these expressions seem to refer more to spontaneous emotions. Inspiration usually comes later – when a voyage is finished, and you are back home. There's a feeling that you've left something there, far away, and at the same time brought something intangible back with you. To be inspired is somewhat like being infected, but in a marvelously good way! After your first discoveries through travel, you'll never feel absolutely happy again without trying to find answers to even more questions, sometimes very simple ones like, "How do Arctic poppies smell?"

Naturally, if you've never tried a polar expedition cruise, we can't do much except offer some age-old advice – experience it yourself. No one can discover these remarkable regions of the world for you in a way that truly inspires on a personal, experiential level: only you can do that. You

won't find these opportunities in books, movies or elsewhere: "How does it feel to stand on the North Pole?" "What were Amundsen's thoughts when his ship approached the Antarctic continent?" "What does it sound like when an iceberg is calving from a glacier?"

Join **POSEIDON EXPEDITIONS** and launch your own era of discovery. Because we feel responsible for "infecting" our travelers – and what is more, being seriously infected ourselves – we are always seeking new places and opportunities for your next discovery. Come with us on new and inspiring adventures aboard our ships *Sea Spirit* and *50 Years of Victory*.

JAN BRYDE
Expedition Leader

Jan has worked as an Expedition Leader or cruise director since 1994 on cruise vessel all over the world, traveling to more than 115 countries. He's made more than 60 voyages to Antarctica and 30 into the Arctic region, including a Northwest Passage and more than a dozen trips to the geographic North Pole.

DR. SUSAN CURRIE
Geo Scientist, Geologist

As a professional geologist for more than 25 years, Susan now enjoys traveling aboard expedition ships and sharing her enthusiasm for the natural environment. Her career in expedition cruising stretches back to 2002 and has encompassed such diverse areas as the Antarctic, Alaska, Greenland, the North Pole, the South Pacific, and Australasia.

ANJA ERDMANN
Expedition Leader

Anja visited Greenland the first time in 2000 as part of her tourism management curriculum at university. Staying in a small village where dogs outnumbered people by five to one, she was quickly won over to the polar environmental and lifestyle and feels that the Arctic and Antarctic are her true homes and professional arenas. Anja has been working since then mainly as Expedition Leader in the Arctic and the Antarctic regions, but also feels at home in "normal waters."

DR. FRANZ GINGELE
Geologist, Glaciologist & Expedition Leader

While studying geology and glaciology at university, Franz also pursued his passion for rock-climbing and mountaineering. He became interested in the polar regions while working on his doctorate in marine geology, and the fascination for these remote environments has gripped him ever since. Since 1998, Franz worked as a lecturer and Expedition Leader on more than 200 trips to the Antarctic, Arctic, and Russian Far East.

ANTHONY SMITH
Sculptor and Photographer

Anthony studied Zoology at Cambridge University, after which he began a career as a sculptor and photographer. He has created bronze statues for major institutions such as the Natural History Museum of London and Amsterdam Royal Zoo, as well as designing a new £2 coin which is now in circulation in the United Kingdom. In 2015 he was the winner of a BBC Wildlife Photography Grant.

DR. ANNETTE BOMBOSCH
Marine Biologist; Master in Marine Conservation

Annette's first trip to Antarctica – camping at the base of Mt Erebus – infected her with a serious case of "polar virus." She pursued her PhD studying Antarctic whales and participating in research expeditions to the Southern Ocean. Annette has a great passion for the Polar Regions, especially marine mammals, and she loves to share her knowledge and enthusiasm with others no matter the time of day.

BIRGIT LUTZ
Journalist & Arctic Adventure Traveler

Journalist and arctic adventure traveler, Birgit is our "tough cookie." She absolutely loves the Arctic and has traveled to the North Pole and crossed Greenland – on skis! Besides these accomplishments, she is an award-winning journalist, photographer and author of several books on polar travel. Her knowledge, experience and passion are amazingly inspiring to all of us.

IAN JANSMA
Kayak Master

Ian's career in the fields of sea kayak guiding, expedition cruising, and conservation research has taken him to some of the world's wildest and most remote locations. Whether upon the waves of the tropical South Pacific or under the aurora-filled skies of Greenland, Ian feels at home wherever Nature is still in control.

RAINER ULLRICH
Artist in Residence

Rainer developed his passion for painting in remote polar environments in 2002 during his legendary crossing of the Northeast Passage and his expedition to Greenland in 2006 together with a German explorer Arved Fuchs. His wonderful books are insider bestsellers in the expedition industry.

- ✓ See vestiges of Norse colonialism from a bygone era
- ✓ Watch whales from the ship, and observe herds of musk-oxen in their natural setting

Spitsbergen

If your goal is to discover the essentials of the Arctic – Spitsbergen is the best destination. Among the numerous opportunities of the Spitsbergen voyages are close encounters with polar bears, walrus, and Arctic birdlife, expert-led trekking on Arctic tundra, and Zodiac cruises to magnificent bird cliffs.

BEST OF SPITSBERGEN: CLASSIC ARCTIC

A remarkably mild summer climate along the western coast of Spitsbergen, due to the warm Gulf Stream, sustains a vibrant eco-system that is home to high Arctic vegetation and migratory birdlife. As we go north – as far into the ice as the *Sea Spirit* is capable – we'll look for polar bears, one of the archipelago's premier attractions. Marine mammals, including walrus, seals and whales, can be spotted along the wild eastern and southern coasts, where mountain peaks create a dramatic backdrop.

EXPEDITION HIGHLIGHTS

- ✓ Participate in a Polar Bear photo-safari in continuous Arctic daylight
- ✓ Observe the dynamics of seals and whales in the Arctic pack ice
- ✓ Explore far above the Arctic Circle – only 600 miles from the North Pole

Your once in

to the Top
of the World

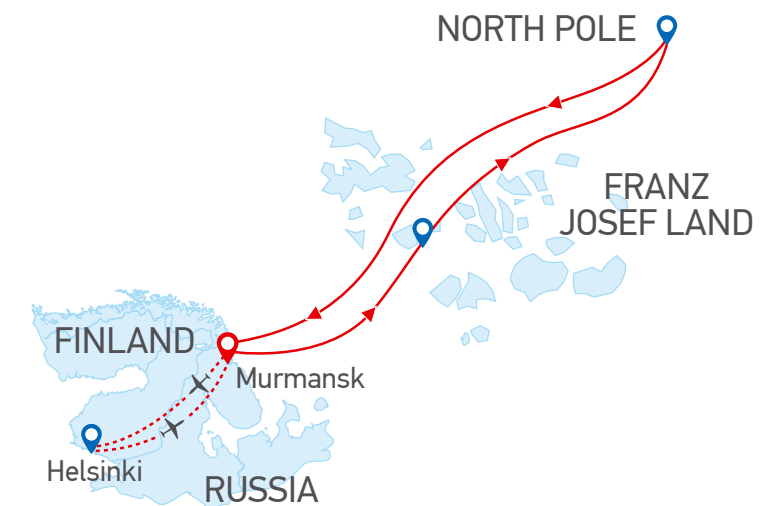

North Pole

North Pole is the northernmost point on the Earth where all directions point south; all lines of longitude converge there, so its longitude can be defined as any degree value. While the South Pole lies on a continental land mass, the North Pole is located in the middle of the Arctic Ocean amid waters that are almost permanently covered with constantly shifting sea ice.

NORTH POLE: EXPEDITION TO THE TOP OF THE WORLD

Gaze at your planet from a singular perspective – the Top of the World. Come to the spot where all the meridians meet, where you can circumnavigate the globe in no time. The place with only one direction – south. The point without a time zone ... and with no sense of time to be discovered.

EXPEDITION HIGHLIGHTS

- ✓ Experience the rare opportunity to travel aboard the nuclear-powered icebreaker
- ✓ Shoot incredible photos from the helicopter of your vessel smashing through ice several meters thick
- ✓ Disembark directly from this ship onto thick Arctic pack ice under and celebrate reaching 90° North, the geographic North Pole

M/V SEA SPIRIT

Small Ship Cruising

Like some of the birds we see in the Arctic and Antarctica, our *Sea Spirit* is migratory and follows the sun, northbound in the summer and southbound in the winter, always ready for spontaneous discoveries – a pod of whales, a family of polar bears or a glaciated mountain vista. She is highly maneuverable and capable of navigating the narrow fjords of East Greenland and entering the small bays of Spitsbergen.

Onboard, we create a friendly and welcoming atmosphere for all our guests. They are united by one goal – to have a memorable wilderness experience and to become real polar adventurers. We believe that first-hand travel to such places makes one an ambassador for conservation, and helps strengthen our resolve to protect these natural environments for future generations.

Operator reserves the right to cancel any tour prior to departure, in which case payments will be refunded without further obligation on Operator's part. Operator shall not be responsible for any injury to person (whether or not resulting in death) or damage to property arising out of any act of war, insurrection, revolt or other civil uprising or military action in the countries of origin, destination or passage. The passenger is completely liable for damage or injury (to his/her own person, other passengers, ship, staff or other) caused by improper behavior.

Operator provides all passengers with medical insurance coverage to the value of 100.000 EUR per person provided and implemented by insurance company (Insurer) in accordance with the Insurer's general terms and conditions. Nevertheless, it is to be understood by passengers that the Insurer is an independent provider and the Insurance Policy is made between the passenger and the Insurer. Operator is not liable for any disagreements or misunderstandings that might arise between the passenger and the Insurer. Each passenger is fully responsible for resolving any issues that might arise from his/her contract with the Insurer. Operator reserves the right to substitute the Insurer. In case of substitution, the new Insurer is to provide an insurance policy that is sufficient for the expedition cruise by Operator described in this brochure or file. Passengers are not permitted to bring or have onboard any

pets or animals, firearms, flammable or hazardous items, controlled or prohibited substances or drugs, contraband or items prohibited by any country or port to be visited. Baggage is transported entirely at the owner's risk.

For those passengers who rejected the insurance policy included into the cost of voyage, but did not make appropriate insurance policy on their own: in case of medical problems arising during the voyage, either on board or on shore, which results in costs for evacuation, use of aircraft or repatriation, the responsibility for payment of these costs rests solely with the passenger and his/her Insurer. The onboard medical personnel (doctors) are independent contractors and work directly for the passenger concerned.

Insurance. All passengers are covered by medical travel insurance policy to the value of 100.000 EUR per person and said policy includes emergency evacuation and repatriation. This is only for travelers under 85 years old. Travelers over 85 years old are to purchase their own insurance policy with coverage not less than 100,000 EUR – such policy is to cover risks of repatriation/evacuation from extremely remote territories, and is to be sufficient for travelling in the High Arctic. Any risks, not covered by the insurance policy provided, are to be covered by passengers at his/her disposal and at his/her own expense. Insurance is in effect only on board the Ship and outside the port of Murmansk.

The published rate is based on the prices, exchange rates, duties and taxes as known to Operator at the time of publication of materials and at the time of travel confirmation. Operator reserves the right to raise the published rate (for such reasons as but not limited to unforeseeable increases in exchange rates, duties, taxes, port fees and fuel prices) if considered necessary by Operator. Operator will inform passengers, tour operators or agents at least 30 days prior to departure. In the event of a price increase of more than 15% of the total price of the trip, passengers, tour operators or agents are entitled to cancel the trip without incurring cancellation fee for the trip.

By forwarding a deposit the passenger certifies that he/she does not have any mental, physical or other condition or disability that would create a hazard for him/her or other passengers. Operator reserves the right to cancel or withdraw any person as a member of a tour at any time.

Please read: By purchasing this product you accept the above Terms and Conditions. In case you disagree to any of the Terms and Conditions of Operator you will not be able to take part in the expedition cruise.

EXPEDITION CRUISE ABOARD M/V SEA SPIRIT

Rates. Voyage rates are quoted in USD/EURO and are based on passengers sharing a cabin. Rates for all voyages are based on anticipated fuel costs at the time of departure multiplied by a maximum daily usage. Poseidon Arctic Voyages Ltd. DBA **POSEIDON EXPEDITIONS** (Operator hereafter) has the right to add fuel surcharge to the cruise cost in case of a dramatic rise of fuel cost. Operator will do so only in order to cover only the increase in fuel costs, may apply. In this case agents will be notified immediately and passengers will have the right to cancel their reservations within 14 days of notice of increase without penalty.

Reservations. To confirm a booking a deposit of 20% of the published rate per person is required. Final payment is due in full 90 days prior to departure. Within 90 days of departure, full payment is required to confirm a booking.

Payments. All payments are to be made in US dollars/EURO. Payments are made via bank transfer.

Booking Cancellations/Refunds. All cancellations must be received in writing. Reservations cancelled more than 120 days prior to departure are subject to a USD 750 per person cancellation fee. Reservations cancelled from 120 to 91 days prior to departure are subject to 20% per person cancellation fee. Reservations cancelled 90 days or less prior to departure are subject to full fare forfeiture.

Voyage Cancellation. In the very unlikely event that a voyage is cancelled prior to departure Operator will provide a full refund of all funds paid to Operator. Should a voyage cancel while in progress, Operator will provide a pro-rated refund of the funds paid to Operator.

Transferred reservations/name changes. Bookings transferred from one departure (more than 90 days prior to departure) to another, for the same passenger can be made at no charge, based on availability. By direct permission, and on a limited basis, name changes on a reservation can be made at a fee of USD 300 per person.

Upgrades. Periodically to maximize available inventory, passengers may be upgraded into higher level cabins. These unsolicited upgrades are made at no charge, however open inventory in upper level cabins is only filled on an unsolicited basis when needed to secure reservations in other categories. In any event no upgrades will be made without prior notification.

Single supplements. Single occupancy of a twin cabin is available at 1.7 times the twin rate and available only in Main Deck, Classic and Superior Suites; single occupancy of a twin cabin is available at 2 times the twin rate in the Deluxe, Premium and Owner Suites. Cabin share is available only in the following categories: Triple Classic, Main Deck, Classic and Superior Suites.

Children. In general, our policy is that children must be at least 12 years of age to participate in a **POSEIDON EXPEDITIONS** voyage. However, we may on a case by case basis accept children ages 8-11 with additional screening.

Onboard language. All voyages are conducted in English and German. For groups of passengers speaking other languages Operator recruits multi-lingual staff members, who assist the passengers during briefings and lectures. Staff varies from voyage to voyage, please check when booking.

Onboard authority. All passengers are subject to instructions or regulations given by the Captain or the Expedition team.

Onboard payments. All payments are in US dollars. Passengers may run a tab which must be paid prior to disembarkation. Payments can be made in cash or via CC.

Itineraries. **POSEIDON EXPEDITIONS'** captain and expedition team will do everything possible to complete the voyage as outlined in the voyage itinerary. However itineraries (including all scheduled landings and excursions) in Polar Regions are heavily dependent on weather and ice conditions. Occasionally conditions and or safety concerns require Itin-

erary changes. The Captain and expedition team will accordingly make every effort to find the best alternative to the original itinerary while keeping passengers informed and updated. Itinerary changes are not subject to passenger approval/consent and in the event of such a change no refunds or price adjustments are possible. Placement of a booking with Operator amounts to an acknowledgement that itinerary changes are possible.

Photography/Video. Operator reserves the right to use photographs and/or videos taken during the operation of the voyage for promotional purposes for the company and/or its sales agents. Passengers who prefer that their images not be used are asked to identify themselves to Operator and its agent, prior to embarkation.

Smoking. There is no smoking inside the ship. There will be a designated smoking place outside in a sheltered area.

Alcohol. Alcohol is available for sale in our bar. Operator reserves the right to refuse alcohol to anyone deemed to be intoxicated.

Eligibility. There are no specific physical requirements for travel in Polar Regions. However we are traveling to the remote region of the world and we are traveling on a ship which, at times, may be in rough seas. Passengers with certain medical/health issues may not be appropriate for this type of expedition and are advised to exercise appropriate caution. Our medical information form lists a number of these conditions.

Pre-departure forms. Prior to boarding, specific passenger information is required not only for passenger safety, but for international reporting regulations. Required information must be completed in the forms provided by Operator and in our possession at least 60 days prior to departure. Final documents cannot be issued for passengers whose information has not been received.

Passenger Medical Information. We require all passengers to submit basic medical information prior to departure. Upon receipt of that basic medical information, specific physical conditions may necessitate additional documentation from a passenger's physician certifying fitness to travel on a voyage to Antarctica. If additional medical confirmation is requested, boarding will not be allowed absent receipt of that confirmation. Operator has a pregnancy policy that women are welcome with explicit doctor's permission and having signed a specific waiver. Pregnancy policies of carriers (ship owners, airlines, bus companies, hotels, etc) may also apply. Please note that medical information will, of necessity, be available to designated POSEIDON EXPEDITIONS staff.

Please note that regardless of general eligibility there may be instances where environmental conditions require a level of fitness/mobility. In these cases individual participation in the landing(s) in question may be restricted by the Captain, Expedition Leader, or ship's doctor.

Travel Insurance. All passengers are required to carry valid travel insurance. This insurance must contain medical and evacuation coverage and should include cancellation and trip interruption as well. As any potential evacuation from Polar Regions can cost up to \$150,000 we recommend that no policy carry less than this amount of coverage. As part of the pre-departure forms Operator will require information as to carrier, policy number, and a 24-hour contact number.

All prices quoted are for cruise only. Our ground agents can assist with arrangements for additional hotel nights, private transfers and land excursions.

Responsibility. The payment of a deposit or full payment for a reservation on this tour shall constitute consent to all the provisions contained herein.

Operator or its agents are not responsible for any costs or penalties relating to air transport or other services that are cancelled. Operator is not liable for failure to provide the services or accommodations offered to the extent that such services or accommodations cannot be provided due to force majeure or other circumstances beyond its control.

Operator is a qualified tour operator that organizes and administers its polar voyages. Operator will provide services in conjunction with local operators and air and sea operators. The designated operator(s), in turn, acts only as an agent for any transportation carrier, hotel, ground operator, or other suppliers of services connected with these tours ("other providers"), and the other providers are solely responsible and liable for providing their respective services. The passenger tickets in use by the carriers shall constitute the sole contract between the carriers and the passenger; the carriers are not responsible for any act, omission, or event during the time participants are not aboard their conveyances.

Operator and its designated service providers shall not be held liable for (A) any damage to, or loss of, property or injury to, or death of, persons occasioned directly or indirectly by an act or omission of any other provider, including but not limited to any defect in any aircraft, watercraft, or vehicle operated or provided by such other provider; and (B) any loss or damage due to delay, cancellation, or disruption in any manner caused by the laws, regulations, acts or failures to act, demands, orders, or interpositions of any government or any subdivision or agent thereof, or by acts of God, strikes, fire, flood, war, rebellion, terrorism, insurrection, sickness, quarantine, epidemics, theft, or any other cause(s) beyond their control. The participant waives any claim against Operator for any such loss, damage, injury, or death. In the event of itinerary change due to any unforeseen circumstances or due to force majeure Operator is not to be held liable for any costs incurred by passengers in this case and no refunds or price adjustments are possible.

By registering for our voyage, the participant certifies that he/she does not have any mental, physical, or other condition or disability that would create a hazard for him/herself or other participants. Operator and its designated tour operator reserve the right in their sole discretion to accept, decline to accept, or remove any participant from a voyage. Operator reserves the right, without penalty, to make changes in the published itinerary whenever, in their judgment, conditions warrant, or if they deem it necessary for the comfort, convenience, or safety of participants.

Passengers are not permitted to bring or have onboard any pets or animals, firearms, flammable or hazardous items, controlled or prohibited substances or drugs, contraband or items prohibited by any country or port to be visited.

Baggage and personal effects are at all times the sole responsibility of the participant.

Resolution of disputes. Acceptance of the initial services to be provided on the trip shall constitute an acceptance by the trip member of these terms and conditions. On advancement of deposit to Operator, the depositor therefore agrees to be bound by the above recited Terms & Conditions.
